EXPERIENCES

Segala's Alimentos

(02/2022 - Current)

I work as a front-end developer, creating interactive and responsive interfaces, one of these projects would be an e-commerce aimed at the food/distribution sector, back-offices, among other projects using pure js.

Fornos JUNG (Learner)

(11/2020 - 12/2021)

I worked as an IT assistant, focused only on taking courses, I did not work directly for the company.
